WELCOME!

OUR MISSION

The purpose of *A Better Chance of Wilton* is to offer highly-motivated high school youth of color the opportunity to obtain an exemplary secondary education that may not be available to them in their home districts. The goal of the program is to affirm and nurture their potential to prepare A Better Chance scholars for college and their futures.

SPONSORSHIP

A Better Chance of Wilton has successfully enriched lives by providing educational opportunities to highly motivated high school students of color for over 25 years. 53 past scholars and 5 current students from around the United States have come to Wilton to pursue an environment and high school experience that encourages academic excellence and nurtures their potential for college and their future.
