

## EXTRACURRICULAR ACTIVITIES

ABC of Wilton Scholars participate in various after-school activities to broaden their horizons and develop leadership, social, and athletic or musical skills. Scholars often begin a new sport or extracurricular activity without prior experience providing an opportunity to contribute and be a part of a team, chorus, band, orchestra and theater. and emerge as enthusiastic and valuable contributors and teammates. We also bring in special speakers and host enrichment activities at ABC House – from cooking to managing finances.

Community service is also integral to our program and Scholars volunteer in Wilton as well as neighboring communities.
